Quality

FOR OVER 100 YEARS

Fulfilling the highest of requirements is standard procedure at Schweizer-Effax. All products which leave our company reflect an optimum combination of innovational input and effectiveness, user-friendliness and top quality. At Schweizer Effax our quality control measures, for example, actually begin a long time before the production procedure gets underway. All raw materials used are of the highest purity standards and even the formulas for our animal products have to comply with the production guidelines which are applicable within the sphere of human medicine.

SCHWEIZER-EFFAX FULFILS THE GMP STANDARD

The GMP standard is the highest form of international recognition in the sector of pharmaceutical production. GMP (Good Manufacturing Practice) really means exactly what it says: guidelines regarding quality assurance of the production processes and environment in the production of pharmaceuticals, active substances and medicinal products, as well as foodstuffs for humans and animal feeds. Quality assurance is of crucial significance in pharmaceutical production because even the most minimal variations in quality can have a direct effect on the health of the human beings or animals that use them.

Raw materials of the highest purity standards

Production guidelines within the sphere of human medicine

Bottling in perfection

SCHWEIZER-EFFAX GUARANTEES TOP QUALITY

A GMP-compatible quality management system serves, on the one hand, as a guarantee for product quality. On the other hand it fulfils binding requirements imposed by the health authorities. So it is really no wonder that not only an increasing number of leisure riders are placing their confidence in the Schweizer-Effax quality equestrian products, also professional riders, vets, grooms at important studs and professional yards as well as nationally famous farriers are enthusiastic users of the products.

SCHWEIZER-EFFAX – THE BACKGROUND TO OUR SUCCESS

Thanks to the confidence of our customers, Schweizer-Effax can look back over 100 years of successful corporate history. The company was launched in 1906 under the name "Chemische Industriegesellschaft mbH Mannheim". The first products were care products for shoes and leather under the brand name of "effax" and soon afterwards the Effol

brand was added – with a first animal care product: a healing and hoof ointment. Already in these initial years, the company placed great emphasis on product quality. Today it is still a top priority – and it will also remain so in future.

The name "Schweizer" became part of our company name in the 1930s when the company was taken over by Chemische Werke Schweizer & Co. GmbH, which was owned by Mr Schweizer. And since 1997 Schweizer-Effax has been part of the eimermacher GROUP.

SCHWEIZER-EFFAX – THE QUALITY PROGRAMME

Over the course of time the product range has been expanded by a large number of care products for horses. Furthermore, there have been ongoing developments in the leather, textile and household care sector and new products from this area are frequently added to the range.

Head Office of Schweizer-Effax

Trust IS VERY GOOD, BUT CONTROL IS EVEN BETTER!

As well as placing great trust in our highly qualified laboratory team who are involved in the development of our formulas, we also have our products controlled by independent institutes which officially confirm their harmlessness.

We not only trust the effectiveness of our products, we also guarantee specifically controlled "very good" skin tolerance – as certitude for humans and horses.

As the only official supplier of the German Equestrian Olympic Committee for the horse care area, we are delighted about the confidence in our company. The many medals and successes of the German teams in all disciplines represent our own very personal "performance review"!

For us, however, the most important distinction for our products is the confidence of our discerning customers. Time and time again, riders all over the world – for example in the USA, France, Spain, Japan, Australia and Scandinavia – decide in favour of Effol. So even when you are abroad, you will still be able to benefit from Effol quality.

Effol CARE FOR HORSES

Photo: Holger Schupp

GOOD FOR HOOVES

Photo: Holger Schupp

OPTIMUM HOOF PROTECTION!

The hoof is exposed to a wide range of environmental influences. It has to cope with the cold as well as the heat and also to repel dampness. If this is not possible, the hoof will dry out and become brittle. Or it becomes soft, swells and becomes prone to a number of serious problems. The moisture level must always remain in balance. Not too little and not too much. In order to ensure this, we have collaborated with Effol to develop the right products for all conceivable situations.

Dieter Kröhnert,
German Olympic Team Farrier

Effol Hoof-Ointment

The classic product which has proved its value for over 100 years. | The original Effol Hoof-Ointment ensures healthy hoof growth and also has a disinfecting effect. The combination of laurel and thymol effectively helps to protect against hoof diseases. Vaseline forms a water-repellent and dirt-repellent film which protects the hoof against outside influences. Daily use guarantees an end to brittle hooves! For external use – Always start from the coronet when applying Effol Hoof-Ointment. Available in green, yellow and black. Contains: vaseline, laurel oil, thymol

Art. no.: 1108 1200 (green), 50ml Travel-vessel |
Art. no.: 1106 1200 (green), 1106 0800 (yellow),
1106 0100 (black), 500ml vessel |
Art. no.: 1101 1200 (green), 1101 0800 (yellow),
1101 0100 (black), 1000ml vessel | green also available
in 2.5l, 5l, 10l

Effol Hoof-Soft

The care-cure for horses' hooves. | The care components glycerine and witch hazel extract provide moisture and at the same time protect against dampness – thus Effol Hoof-Soft is also suitable for horses in frequent contact with water. The hoof's resistance is improved on a sustainable basis, even in the case of worn-down, hard types of hooves. Use several times daily as required, always applying the product from the coronet downwards. Effol Hoof-Soft was developed in collaboration with Dieter Kröhnert, German Olympic Equestrian Team Farrier. The hoof is guaranteed to become resilient again after application of just one 500 ml vessel. Contains: glycerine, lanolin, witch hazel extract

Art. no.: 1143 5000, 500ml vessel

Effol Pinsel-Fix Brush

Practical and clean. | Unique brush arrangement for fixing directly to every Effol and Effax tin. Prevents other equipment in the grooming box from getting dirty. Re-usable.

Art. no.: 1107 0000, suitable for all vessels

Effol Summer-Hoof-Gel

For damaged hooves in summer. | The gel contains light oils, provides moisture and strengthens the horn. The exceptional consistency means that it is absorbed quickly, ensures optimum elasticity of the hoof and prevents it from becoming brittle. Effol Summer-Hoof-Gel has been specially developed for the summer time when hooves grow more quickly. Contains: avocado oil, moisture components

Art. no.: 1143 7050, 50ml Travel-vessel |
Art. no.: 1143 7500, 500ml vessel

For further information
scan the QR code with
your mobile phone.

Effol Hoof-Oil

For a healthy shine. | The Hoof-Oil of lanolin and laurel oil promotes elasticity of the hoof horn and makes even soft hooves very resilient again. Furthermore the inclusion of thymol has a calming effect on the worn or damaged hoof. Effol Hoof-Oil is absorbed particularly quickly, is dirt-repellent and gives the hoof a brilliant shine. A special brush included in the tin makes the Hoof-Oil economical to use and avoids any mess. After just a few applications soft hooves become noticeably more elastic and therefore more resilient. Always apply Effol Hoof-Oil from the coronet downwards.

Contains: lanolin, laurel oil, thymol

Art. no.: 1114 7500, 475ml vessel | Art. no.: 1110 0000,
500ml Refill bottle | Art.-No.: 1112 5000, 5l refill canister

Effol Hoof-Tar, ready-to-spray

Perfect protection in spray-on form. | Ideal basic care for a healthy hoof frog, especially after the hoof has been cut. The ready-to-spray alcohol solution is applied to the frog. The tar can penetrate deep into the hoof and forms a long-lasting barrier against moisture. The very practical bottle cap means the smell does not escape. Up to 60 applications are guaranteed.

Contains: Beech wood tar in an alcoholic solution

Art. no.: 1122 0000, 100ml spray bottle

Effol Winter-Hoof-Gel

For damaged hooves in winter. | Rich oils ensure strong penetration of the hoof and protect it against wetness, mud and damp bedding. On account of its consistency, the gel is absorbed slowly and sustainably. This product is guaranteed to prevent damp hooves in winter.

Contains: rosemary oil, clove oil, babassu oil

Art. no.: 1143 7060, 50ml Travel-vessel |
Art. no.: 1143 7600, 500ml vessel

Effol Frog-Vital

A healthy frog. Naturally. | Specially developed healing cure for the treatment of thrush and/or damaged and sensitive hoof soles. Glycerine, arnica oil and laurel oil, thymol as well as menthol and methyl salicylate care for the hoof and make it more elastic. The guarantee: After just two applications, the farrier can cut the frog again.

Contains: arnica oil, laurel oil and thymol

Art. no.: 111 950, 2 x 48ml application device

TIP

Apply hoof care products from the coronet downwards, because that is where healthy growth begins. Massaging the product into the hoof will improve the effect.

Three types of hoof

Instructions for application e.g.

No application

Ideal application

Possible application

Normal

The horn of a normal hoof grows without any problems. The hard horn of the hoof wall is resilient, the coronet is in good order, the frog is dry and elastic.

Hard

The hard hoof is too dry and therefore rigid. The outer hard horn tends to crack and the coronary groove tears more easily.

Soft

Soft hooves, by contrast are more prone to hoof abscesses and haematoma. The wall of the hoof can easily become frazzled.

Effol Hoof-Brush

Hoof cleaning completely under control. | The extra long beech wood handle protects against hand injuries when cleaning the hooves. The slightly slanted bristles towards the handle prevent damage to the coronary band and the practical horse-shoe form makes it easier to clean the sole of the hoof.

Art. no.: 1139 0000

BEST CARE FOR THE COAT

Photo: Holger Schupp

GUARANTEE FOR A SHINING COAT!

Perfect appearance is crucial in the dressage arena. This is why I place the greatest of emphasis on care products, developed on a natural basis, which give the coat a beautiful gleam whilst at the same time nourishing and caring for it. It is very important that the products work really well and do not cause any skin irritation, even when used over a long period. I prefer products which fulfil their purpose whilst also making the horses feel good. My first choice: Effol Coat Care.

Martina Saupper, groom responsible for Hubertus Schmidt's dressage horses

For further information scan the QR code with your mobile phone.

Effol SuperStar-Shine

The true superstar in coat care. | Effol SuperStar-Shine will give your horse or pony a more brilliant shine than ever before – but without the coat, mane and tail taking on an artificial feel. Grooming becomes easier – and the effect is guaranteed to last for several days. The shine-spray will help you to undo tangles as well as to remove particles of shavings and straw with virtually no effort. The tail and mane will take on more body and bounce as well as greater volume. This product means you can successfully avoid the problem of split, dry hair. The skin-friendliness has been dermatologically tested and classified as „very good“. Contains: silicon emulsions

Art. no.: 1132 6100, 100ml spray Travel-bottle |
Art. no.: 1132 6000, 750ml spray bottle |
Art. no.: 1132 6200, 2.5l canister

Effol Non-snap Plaiting Bands

Fantastic. Elastic. | Effol Non-snap Plaiting Bands are made out of especially elastic material, prevent split hairs as well as tangling of the mane. They guarantee easy plaiting without causing any damage to the mane.

Art. no.: 1134 8000, 400 bands (colourless) |
Art. no.: 1134 8200, 400 bands (black)

Effol Mane-Tail-Liquid

Greater fullness and volume for mane and tail. | High-quality care oils make the dock of the tail and crest of the mane less prone to drying out and also make the hair stronger. Thus Effol Mane-Tail-Liquid guarantees visible fullness and easier combing of the mane and tail. Simply apply to the mane and tail, allow to take effect, and then untangle and comb through.

Contains: human cosmetic silicon oils

Art. no.: 1126 0000, 500ml spray bottle |
Art. no.: 1127 2500, 2.5l refill canister

Effol Silk & Care-Spray

Healthy, effective coat care. | Silk & Care-Spray ensures easy combing and plenty of volume in the mane and tail. Silk proteins and vitamins make the hair extra strong. Thus Silk & Care-Spray also gives it extra shine and volume and makes brushing extremely easy.

Contains: silk proteins, panthenol

Art. no.: 1162 6100, 100ml spray Travel-bottle |
Art. no.: 1162 6500, 500ml spray bottle

For further information scan the QR code with your mobile phone.

Effol Ocean-Star Spray-Shampoo

Spray. Wash. Shine. | The unique horse and pony shampoo with the practical spray function is much easier to apply than conventional products. It is sprayed into the damp parts, rubbed in briefly and then rinsed off. It cleans deep into the pores of the horse's coat without damaging the skin's protective film. Ocean-Star Spray-Shampoo is suitable for all coat colours. It contains pearl extracts which ensure a unique, shimmering shine which is guaranteed to last for a long time.

Contains: panthenol, pearl extracts, mild surfactants

Art. no.: 1136 8100, 125ml spray Travel-bottle |
Art. no.: 1136 8000, 750ml spray bottle

For further information scan the QR code with your mobile phone.

Effol Orca Sweat Scraper

An authentic shape, straight from nature. | Use the Effol Orca to remove surplus water effortlessly after washing your horse. The ergonomic form adapts perfectly to the horse's shape, making it possible to remove moisture from the horse's hair in an optimum way. The special curve of the Effol Orca Sweat Scraper avoids any need for application of strength or pressure.

Art. no.: 1100 2000

For further information scan the QR code with your mobile phone.

Effol White-Star Spray-Shampoo

Spray. Wash. Shine. Especially for grey horses. | The practical spray shampoo for white or light-coloured coats removes even stubborn dirt and neutralises yellow stains – for a gleaming clean and bright coat. In addition panthenol cares for the skin and camomile extract strengthens its protective function. Simply spray onto the damp coat, rub in, and rinse with clear water.

Contains: panthenol, camomile blossom extracts, mild surfactants

Art. no.: 1135 6200, 125ml spray Travel-bottle |
Art. no.: 1135 6100, 750ml spray bottle

Effol Shampoo-Brush

A brush with many advantages. | A simple mixing aid with practical dosing device for rubbing in and lathering shampoo as well as silent application of liquids, thus also suitable for sensitive horses. No more liquids trickling down your arms. Ideal for cleaning from mane to hoof, other care products can also be applied.

Art. no.: 1137 0000

TIP

If you would like to make shearing easier, simply spray Effol SuperStar-Shine onto your horse's coat beforehand.

Effol Horse-Shampoo-Concentrate

Economical, all-round care for the coat as well as mane and tail. | The care shampoo with human-cosmetic raw ingredients cleans mildly as well as thoroughly. It has a refreshing and vitalising effect, does not have a degreasing effect so that the skin's natural protection layer is preserved. Produces a silky, pearly shine and is also very economical to use.

1 l concentrate produces 40 l shampoo. Contains: care substances, mild surfactants

Art. no.: 1135 5000, 500ml bottle |
Art. no.: 1136 0000, 5l canister

TESTED INSECT-REPELLENTS

Use Effol Horse-Fly-Blocker + safely. Always read identification marking and product information prior to use.

For further information scan the QR code with your mobile phone.

Effol Horse-Fly-Blocker +

Horse fly free. | Thanks to the combination of icardine-based active ingredients and the extra strong smell, the dermatologically tested Effol Horse-Fly-Blocker + is the extra strong and highly effective horse fly repellent spray. The ready-to-spray formula with a long-lasting effect was developed in collaboration with the Swiss Tropical Institute to protect against bites from horse flies, ticks, midges and flies. Riders in more than 50 countries place their confidence in the effective Effol Horse-Fly-Blocker. Contains: a composition of icaridine-based active ingredients

Art. no.: 1157 5000, 100ml Travel-bottle |
Art. no.: 1157 0000, 500ml bottle |
Art. no.: 1157 2500, 2.5l canister

Use Effol Horse-Fly-Blocker + horse & rider safely. Always read identification details and product information prior to use.

Effol Horse-Fly-Blocker + horse & rider

One spray for all. | Dermatological tests guarantee that the absolutely odourless Horse-Fly-Blocker + horse & rider is as suitable for human beings as it is for animals. The combination of icardine-based active ingredients has been developed in collaboration with the Swiss Tropical Institute and guarantees horse flies, ticks, mosquitoes and flies. Riders in over 50 countries place their confidence in this product. The spray is also suitable for protecting dogs against ticks. Contains: a composition of icaridine-based active ingredients, fragrance-free

Art.-Nr.: 1157 5200, 200ml tube

Use Effol Horse-Fly-Blocker + Special Edition safely. Always read identification marking and product information prior to use.

Effol Horse-Fly-Blocker + Special Edition

Refreshing and effective with the scent of herbs. | The well-proven insect-repellent spray takes effect with its powerful scent. It protects immediately and reliably against horse flies, midges, biting flies and ticks. The extra strong formula on the basis of Horse-Fly-Blocker +, which was developed in collaboration with the Swiss Tropical Institute, is especially kind to the skin and coat and has been dermatologically tested. Contains: a composition of icaridine-based active ingredients

Art. no.: 1157 2200, 750 ml spray bottle

Use Effol Anti-Fly-Spray safely. Always read identification marking and product information prior to use.

Effol Anti-Fly-Spray

The ready-to-use solution. | The skin-friendly, dermatologically tested solution functions effectively and lastingly with own odour and a complex of active ingredients against insects – especially against stable flies. Effol Anti-Fly-Spray is ready-to-use, particularly skin-tolerant and is sprayed quite simply onto the coat. Contains: a composition of icaridine-based active ingredients

Art. no.: 1154 0000, 500ml spray bottle

Use Effol Concentrated-Fly-Repellent safely. Always read identification marking and product information prior to use.

Effol Concentrated-Fly-Repellent

The convenient concentrate to mix as required. | Effol Fly-Repellent is quite simply mixed with water. The intensity of the protection can be individually determined by the dosage used: the more concentrated the solution, the greater the effectiveness! Can also be ideally applied to the coat using the shampoo brush. Contains: a composition of icaridine-based active ingredients

Art. no.: 1151 0000, 500ml bottle

Use Effol Anti-Fly-Roll-Stick safely. Always read identification marking and product information prior to use.

Effol Anti-Fly-Roll-Stick

Not only for your horse. | Mobile fly protection to carry around with you, and which also protects riders against troublesome pests. Easy to apply and particularly suitable for specific use around a horse's eyes, nostrils and wounds. Contains: a composition of icaridine-based active ingredients

Art. no.: 1153 0000, 50ml roll-on Travel-stick

Insect attacks

The fly protection products are only available in countries where there is an official register of biocidal products.

EFFOL GOOD-FUN GROOMING SERIES FOR KIDS

Photo: Holger Schupp

MY VERY FAVOURITE CARE!

Effol Kids is simply super. Because it has a delicious smell of apricots. I think my pony likes the smell too! The Star-Shine-Spray is my very special favourite. Because I can use the stencils to spray a glittering pattern onto my pony's coat. And then I lend the stencils to my friends and we have competitions to see whose pony glitters best!

Vicky, 8 year-old pony rider

Effol Kids Star-Hoof-Shine

Fantastic care. Brilliant appearance. | Effol Kids Star-Hoof-Shine is a special hoof-care product, which gives horses' hooves a wonderful shine, protects them against drying out and also promotes healthy hoof growth. Very simple to apply using the practical Pinsel-Fix. Contains: glycerine, silicon oils, avocado oil

Art. no.: 1144 0100, 350ml vessel

Effol Kids Super-Clean

Impressively beautiful. Impressively clean. | Effol Kids Super-Clean is a shampoo with the special scent of apricots and which not only cleans, it also has a caring effect. It creates a beautiful shine, particularly in the mane and tail. Apply Effol Kids Super-Clean onto the damp coat, rub in briefly and rinse out with luke-warm water. If required, use the Effol Orca Sweat Scraper to remove excess water. Contains: skin-friendly protection and care components

Art. no.: 1144 0500, 300ml bottle with dispenser

Effol Kids Star-Treats

Great reward. Sweet taste. | Effol Kids Star-Treats are horse treats in a special star shape. Horses and ponies particularly like the peach taste so the Star-Treats are ideal to feed them as a reward.

Contains: vitamin A, vitamin D3, vitamin E

Art. no.: 1144 0400, 500g bag

TIP

The fantastic new Effol Kids products are suitable for children from the age of six years upwards. They have been developed together with children and convince particularly by means of their children-friendly appearance, size and easy application.

Effol Kids Star-Shine

Beautiful. Shiny. Fragrant. | Effol Kids Star-Shine is a particularly long-lasting glitter-spray for horses which can be applied to the coat, mane and tail and is easy to brush out again afterwards. Small, completely harmless glitter particles combined with the delicious scent of apricots ensure a fantastic special effect. Ideal for a special event, e.g. horse shows. And some great stencils to use with it are to be found under www.effol.com.

Contains: silver glitter

Art. no.: 1144 0300, 300ml spray bottle

Effol Kids Non-snap Plaiting Bands

Bright & colourful. For all plaits. | The colourful Effol Kids Non-snap Plaiting Bands are made of a special, elastic material. This is why they are especially suitable for plaiting, without causing any damage to the mane. The bands are of many different colours which means the mane can be made to look different every day.

Art. no.: 1134 8100, 400 bands

HEALTHY SKIN

Effol Dragon's Blood Film Plaster

Film plaster with protective film. Doping free. | No alcohol – therefore painless – the innovative formula provides an external breathable hygienic film which protects the wound against environmental germs such as dirt, urine and sweat. The regeneration of the skin and the formation of new cells can proceed without interruption. Lactic acid, allantoin and biguanide support moist wound hygiene and keep the skin supple and elastic. The product is based on the natural latex of the dragon tree. Contains: lactic acid, allantoin, biguanide, dragon's blood

Art. no.: 1173 0000, 200ml spray bottle

Effol Skin-Repair

Effective repair for all skin wounds. | Antiseptic, dermatologically tested care cream which forms a protective film against viruses, bacteria and parasites. High quality vitamins help the wounds to heal better. Furthermore the zinc-oxide forms a moisture-regulating protective barrier against dampness. Effol Skin-Repair is applied generously to the affected areas and, already after just a few applications, heals or at least improves cracked heels. Contains: panthenol, avocado oil, zinc-oxide, urea, bisabolol

Art. no.: 1172 3000, 30ml Travel-tube |
Art. no.: 1172 0000, 150ml tube

Effol Mouth-Butter

Protects and promotes healing of wounds. | The natural active substances allantoin and balsam of Peru support the wound-healing process in the case of damage to the corners of the horse's mouth. The dermatologically tested care butter with fresh apple flavour can stimulate the horse's chewing activity. It helps even sensitive horses to accept the bit again in a content way.

Contains: allantoin and balsam of Peru

Art. Nr. 1174 1000, 30 ml Travel-tube |
Art. Nr. 1174 0000, 150 ml Tube

Effol Hair-Root-Liquid

Perfect for hair and hair roots. | The Hair-Root-Liquid with the active ingredient birch extract, which is of particular value in hair care products, regenerates the hair so the product is ideal for use after Skin-Lotion, for example. It reduces the formation of dandruff, particularly strengthens the hair roots and promotes healthy growth of the mane and tail. Massage directly into the affected parts of the mane and tail; dandruff formation will be reduced significantly after only three to four applications.

Contains: urea, birch bark extract

Art. no.: 1126 3050, 50ml Travel-bottle |
Art. no.: 1126 3500, 500ml bottle

SCHWEIZER-EFFAX QUALITY
tested by accredited laboratories

All Effol care products are dermatologically tested and classified as "very good", and the raw materials are processed on a voluntary basis in accordance with pharmaceutical legislation. Our products are therefore extremely skin and coat compatible.

Effol Skin-Lotion

An optimum product against itchiness. | A combination of high-quality oils and panthenol mean the skin lotion has a calming and regenerating effect in the case of itchiness and infestation by pests. Can be applied over a large area on a daily basis – also as a preventative measure. Itchiness is soothed after just a few applications. The affected areas of skin soon reflect a visible improvement and the horse can also feel the difference. After application of Skin-Lotion, it is recommended to use Hair-Root-Liquid.

Contains: panthenol, piroctone-olamine, urea

Art. no.: 1162 1200, 50ml Travel-bottle |
Art. no.: 1162 5000, 500ml bottle

HEALTHY HORSE TREATS

Photo: Holger Schupp

THE HEALTHY REWARD!

Of course I also use treats as a reward when training my horses. Effol Horse Treat products are my first choice here because the horses like the taste so much and, furthermore, they also contain a lot of vitamins.

Linda Weritz,
communications expert
and equine psychologist

Effol Apple-Crunchies

With delicious apple flavour. | Every horse needs to be loved. And real love also means special loving care. Effol Apple-Crunchies make a valuable contribution here. As well as being guaranteed to be healthy. Contains: calcium, vitamin A, vitamin D3, vitamin E

Art. no.: 1182 0000, 500g bag

Effol Mint-Snackies

With a fresh mint flavour. | The mint-fresh alternative, with which every horse is guaranteed to get a healthy reward with vitamins, minerals and trace elements. Contains: calcium, vitamin A, vitamin D3, vitamin E

Art. no.: 1181 0000, 500g bag

TIP

The best alternative with which to reward the horse. Contains vitamins and trace elements, and the hard consistency also has a teeth-cleaning effect. A reward and healthy effect all-in-one.

Further horse treats are to be found under www.effol.com

Effol Nibble-Sticks

With healthy cereal. | With Effol Nibble-Sticks made of healthy cereal and valuable roughage you will certainly be providing your horse with the best. Guaranteed healthy! Contains: calcium, vitamin A, vitamin D3, vitamin E

Art. no.: 1185 0000, 1kg bag |
Art. no.: 1184 0000, 2.5kg bag |
Art. no.: 1188 0000, 25kg bag

PROVEN VITALITY

Effol Cold- and Warm-Pack

Long-lasting coolness or heat. | Either warm up the pack in hot water or the microwave and treat the affected areas or cool it in the freezer for a long-lasting cooling effect. Includes appropriate bandaging material, re-usable.

Art.-Nr.: 1163 1000, 2 pieces per package

Effol Ice-Pack

For fast cooling. | The instant compress is ready to use within a minute, the simple manual activation means it can be used anywhere, in the case of acute injury, in order to reduce swelling. It cools for at least 20 minutes and can be used with or without a bandage.

Art. no.: 1163 2000

Effol Horse-Balm

The first horse-balm. | Guaranteed to cool over a period of three hours, relaxes, promotes good circulation and activates after strenuous activity. The particularly effective two-phase effect cools sustainably directly after application. This is succeeded by a pleasant warming sensation. The effectiveness of this principle is confirmed by thermographic pictures. Effol Horse-Balm is very coat and skin friendly. It is not sticky and does not require bandages. Contains: arnica, camphor, rosemary, extract of horse chestnut, menthol

Art. no.: 1164 5000, 50ml Travel-vessel |
Art. no.: 1164 7000, 200ml tube |
Art. no.: 1164 0000, 500ml vessel |
Art. no.: 1164 2000, 1l refill package

Effol Refresh-Gel

For cooling and care. | The strongly cooling Refresh-Gel has a regenerating effect after physical activity and, on account of the natural oils it contains, promotes the well-being of the horse even in the case of tension and stiff muscles. The practical Flic-Flac bottle makes it easy to apply exactly the right dosage. Not sticky. Friendly to the coat and skin. Careful massaging with the product and bandaging increase the effect.

Contains: menthol, alcohol

Art. no.: 1161 0000 500ml Flic-Flac bottle

Our vitalising products have also proved to be excellent when used for human beings. The effectiveness has been proved by scientific institutes using thermographic pictures.

EFFOL WELLNESS FOR THE RIDER

Effol Riders'-Shower-Gel

Caring shower product. Day for Day. | The caring shower gel for riders has a special hint of sportiness, is ph-neutral and is suitable for Him and Her. After using Riders' Shower Gel, Effol Riders'-Body-Lotion provides ideal follow-up care.

Contains: mild surfactant compositions

Art. no.: 1141 2500, 250ml bottle

Effol Riders'-Body-Lotion

Pure care. To rub in. For perfect wellness. | Effol Riders'-Body-Lotion for Him and Her ensures that the rider is well looked after too. The body lotion has been developed in accordance with highest human-cosmetic standards. It provides moisture for chapped parts of the body and is absorbed quickly. The skin is strengthened and cared for in a gentle way.

Contains: allantoin, macadamia nut oil, vitamin E

Art. no.: 1141 7250, 250ml bottle

Effol Riders'-Hand-Cream

Nice hands. Nice feeling. | Effol Riders'-Hand-Cream provides special care after riding and work at the yard. It ensures attractive and well-cared for hands, even in the case of hard manual work.

Contains: jojoba oil and other moisturisers

Art. no.: 1141 3000, 30ml Travel-tube

Effol Riders'-Lip-Care-Stick

Lip care for every day. | The specially developed lip-care stick with light protection factor 20 by Effol is suitable for every season. It ensures a natural moisture balance of the lips and thus keeps them very smooth.

Contains: bisabolol, bees' wax

Art. no.: 3905 1000, 5ml stick

Effol Lip-Butter

For supple, well cared lips. | With fresh apple aroma and natural active ingredients, Effol Lip-Butter provides effective care in a practical package size. The care butter makes even chapped lips soft.

Contains: allantoin and balsam of Peru

Art.-Nr.: 1141 4100, 10 ml Travel-tube

TIP

Effol also offers sophisticated body care for the rider – for use after riding and work at the yard – unique products, for Him and for Her!

BEST CARE FOR LEATHER

Photo: Holger Schupp

LONGER LIFE!

We often carry out repairs which would never have been necessary if the leather had been properly treated and cared for in the first place. After the repair work my employees and I use Effax Leather-Combi and Effax Leather Balm. Both products have proved their value many times over during the course of the years and we recommend this care to our customers.

Frank Wohlhorn, master saddler

Effax Leather-Combi

The optimum deep-cleaning product. | Effax Leather-Combi quickly takes away the grime and grease. Cleans and nourishes the leather fibre with a unique deep-penetrating effect, without making the leather greasy. High-quality additives provide the leather fibre with the necessary nourishment so that the leather remains soft, supple and tear-proof. If required, the leather equipment can be treated subsequently with Effax Leather Balm or Effax Leather Oil.

Contains: cleansing mild special surfactants

Art. no.: 1225 5500, 50ml Travel-bottle |
Art. no.: 1221 2000, 500ml bottle |
Art. no.: 1222 5000, 2.5l canister

Effax Polish for Horse Boots and Human Boots

Cleaning combined with care. | Cleans synthetic and rubber surfaces and removes stubborn dirt. It has a caring effect on the surfaces and gradually the full depth of colour is restored. After application horse boots will look like new. Application: First of all remove general dirt from the surface. Spray on Effax Polish for Horse Boots and Human Boots and rub dry with a soft cloth.

Art. no.: 1232 5010, 100ml spray Travel-bottle

Effax Leather-Cream-Soap

Leather care. Flic. Flac. Finished. | The Effax Leather-Cream-Soap in the Flic-Flac bottle to turn and hang up is easy to apply in just the right dosage. Cleans and cares for the leather in one single step – quickly and simply with no water required. Leather-Cream-Soap ensures a pleasant leather surface with a good grip, without any danger of staining other equipment!

Contains: soya-kali-soap, lanolin

Art. no.: 1255 0000, 400ml bottle

Effax Glycerine-Soap

Leather care. In one simple step. | Effax Glycerine-Soap cleans all smooth leathers quickly, gently and thoroughly. Stubborn dirt such as dust and sweat marks will be removed quite easily. The active ingredients penetrate deep into the leather, make it supple and give it a new shine. Simply create froth with a damp soft sponge or cloth. Apply evenly to the leather and rub in. Remove any residual soap with a clean, soft cloth or sponge. In the case of very worn and dry leather it is recommended to give follow-up treatment with Effax Leather Balm or Effax Leather Oil.

Art. no.: 1260 0000, 300ml vessel with sponge

Effax Leather-Balm

Popular all over the world. | Effax Leather-Balm extends the "lifespan" of the leather and is therefore used ardently all over the world. The most valuable leather care for durability and reliability of the leather equipment due to a combination of lanolin and avocado oil. Furthermore bees' wax has a moisture-repellent effect, leaves the leather with a brilliant shine and gives it a special smell.

Contains: care additives such as bees' wax, lanolin, avocado oil

Art. no.: 1190 2000, 50ml Travel-vessel |
Art. no.: 1191 2000, 500ml vessel |
Art. no.: 1192 0000, 5l bucket

Effax Leather-Grease

The popular classic product. | Simply apply to the leather after cleaning. Has a re-greasing effect due to natural raw ingredients. Available in black and colourless.

Contains: greases, waxes, train oil

Art. no.: 1201 0100 (black), 1201 0800 (yellow), 500ml vessel

For further information scan the QR code with your mobile phone.

Effax Leather-Soft

Smooth leather. Specially supple. | As a result of the special mixture of lanolin and avocado oil, the leather becomes supple, tear-proof and soft. Bees' wax not only leaves a pleasant smell, it also gives a pleasant feel to the surface of the leather as well as protecting it against moisture. Suitable for all smooth leathers.

Contains: a mixture of care oils, lanolin, avocado oil, bees' wax

Art. no.: 1191 0000, 500ml bottle

Effax Leather-Oil

The best. | Nourishes, cares for and protects all smooth leathers against moisture. Vaseline, genuine train oil and other high-quality, leather-caring substances ensure durability and therefore also reliability of your leather equipment which is of great benefit for your safety. Free of acids and resin. Easy to use due to the integrated brush.

Contains: a mixture of care oils, fats, train oil

Art. no.: 1214 7500, 475ml tin with brush | Art. no.: 1210 0000, 500ml refill bottle | Art. no.: 1212 0000, 5l canister

For further information scan the QR code with your mobile phone.

Effax Mildew-Free for Leather

One. Two. Three. Mildew-free. | With three-fold effect for all types of leather: Care, impregnation and protection against mildew. Effax Mildew-Free for Leather reliably prevents leather being attacked by mildew and fungi on the basis of a natural care oil mixture. The addition of lanolin also provides the leather with ideal nourishment and therefore optimum care.

Contains: Fish oil, lanolin, care oil

Art. no.: 121 480, 150ml spray bottle

BEST CARE FOR LEATHER

For further information scan the QR code with your mobile phone.

Effax Leather-Grip-Stick

For a good-grip ride. | The Effax Leather-Grip-Stick is simple to use, wherever you are, always lends the leather a good firm grip, without any suggestion of stickiness. With the twist and turn stick the active substance is easy to apply – without any danger of damage to leather or riding wear. This product means a safe seat for the beginner as well as the professional rider.
Contains: Effax anti-slip formula

Art. no.: 1261 0000, 50ml Travel-stick

Effax Boot-Polish

Perfect glossy shine. | Effax Boot-Polish gives a glossy shine to leather riding boots. The dirt- and water-repellent effect means the boots can always be polished up again quite easily! It's strikingly simple: Clean the boots, apply the polish sparingly and polish after allowing to dry. It's perfectly simple – and your boots will have a perfect shine.
Contains: lanolin, bees' wax

Art. no.: 1232 7000, 75ml tube with sponge applicator

Effax Speedy Leather Shine

The high-speed shine. | Simply apply Effax Speedy Leather Shine with a sponge to boots, saddles, bridles or bags made of any kind of leather and they will shine beautifully as if they have been freshly polished. Ideal for in-between times.
Contains: instant shine formula

Art. no.: 1232 6000, tin with sponge applicator

TIP

You can make your boots even more shiny by polishing them with a silk stocking.

HEY-Sport

CARE FOR FUNCTIONAL CLOTHING

CORRECT CARE FOR TEXTILES

Photo: Holger Schupp

NO NEED EVER TO GET WET AGAIN!

Anyone who has ever been out riding for 10 hours in a constant downpour knows and appreciates just how important waterproof functional clothing is. This is why my companions and I all use HEY Sport to care for our jackets and breeches. Because the function is maintained and they are impregnated perfectly.

Astrid Götz,
member of German Endurance
Riders' Championship Cadre

TIP
Regular impregnation preserves the colour of your textiles. So it keeps them looking good for longer.

HEY-Sport MICRO WASH

For softshell, fleece and microfibre without membrane. | HEY-Sport Micro Wash cleans deep into the pores, removes bad odours and preserves the function, form and colour of high-quality textiles. HEY-Sport Micro Wash is ideal particularly for breeches and softshell riding jackets.

Art. no.: 2074 0000, 250ml bottle |
Art. no.: 2074 2500, 2.5l canister

HEY-Sport TEX WASH

Special detergent concentrate for riding wear with membrane function. | HEY Sport Tex Wash is the indispensable detergent for functional clothing such as Goretex®, Sympatex®, Schoeller® etc. HEY Sport Tex Wash preserves the breathability and water-repellent properties of the membranes. Special additives neutralise bad smells. It contains no bleaching agents. Follow-up impregnation from time to time is recommended.

Art. no.: 2076 0000, 250ml bottle |
Art. no.: 2076 2500, 2.5l canister

HEY-Sport MERINO WASH

Gentle on fibres and fabrics. | Specially developed for high-quality wool fibres on the basis of a protein-fatty-acid-condensate, HEY-Sport Merino Wash preserves the delicate structure of all natural fibres, particularly wool. Your favourite garments do not become matted and instead remain soft and velvety, colour-intensive and, where appropriate, elastic. The product contains no fragrances or colorants and the dermatological test achieved the result "very good".

Art. no.: 2082 0000, 250ml bottle

HEY-Sport DOWN WASH

Gentle care for all riding wear with down. | HEY-Sport Down Wash preserves the properties of the down, cleans and conditions. Consequently the down does not become brittle and cannot form clumps.

Art. no.: 2075 0000, 250ml bottle |
Art. no.: 2075 2500, 2.5l canister

HEY-Sport IMPRA WASH-IN

Liquid impregnator for simple rinsing-in. | HEY Sport Imprava Wash-In provides effective protection for textiles. It coats the fibres but does not seal them – therefore the breathable properties are preserved. HEY-Sport Imprava Wash-In is suitable for all functional textiles such as Goretex®, Sympatex®, Schoeller® etc. as well as for softshell, fleece, microfibre as well as for nano-technology clothing. The result: no need ever to get wet again!

Art. no.: 2065 0000, 250ml bottle |
Art. no.: 2065 3000, 2.5l canister

HEY-Sport SHOE FRESH

The smell can go! | HEY-Sport Shoe Fresh contains a DEO formula for a pleasant odour and forms a long-lasting barrier against bacteria and the creation of smells. It has an immediate and sustainable effect, making it ideal for all types of riding boots as well as leisure shoes.

Art. no.: 2027 0000, 100ml pump spray bottle |
Art. no.: 2027 2500, 2.5l spray canister

HEY-Sport COMBI WASH

The clever care for leather or leather-textile combinations. | HEY-Sport Combi Wash keeps leather, particularly leather breeches, gloves and chaps, soft and supple and ensures that the form of the leather remains stable and formstabil.

Art. no.: 2073 0000, 250ml bottle

HEY-Sport SAFETY WASH-IN

The safe hygienic rinse. | HEY-Sport Safety Wash-In gets rid of unpleasant smells, fungi and germs in equestrian equipment even at low temperatures – even in cold washes or hand washing. It makes the washing hygienically clean and fresh without any harsh effect on the textiles. HEY Sport Safety Wash is thus ideal for saddle cloths, bandage underlay etc.

Art. no.: 2072 0000, 250ml bottle |
Art. no.: 2072 2500, 2.5l canister

Use HEY-Sport Safety Wash-In safely. Always read identification marking and product information prior to use.

HEY-Sport FOAM ACTIVE CLEANER

Thorough cleansing care for inside and out. | HEY-Sport Foam Active Cleaner reliably cleans items of equipment, e.g. riding helmets (even made of velvet), ankle boots or back-packs which are not always suitable for machine washing, from the inside as well as the outside. It does not cause any harm to sensitive material and is neutral in odour. For lasting pleasure in fabric function!

Art. no.: 2066 0000, 250ml spray vessel

CORRECT CARE FOR TEXTILES

HEY-Impra TEX COMPLETE IMPREGNATION

High quality spray impregnation for textiles. | HEY-Impra Tex Complete Impregnation guarantees ultimate standards of impregnation and breathability. On account of its 360 spraying power, this product is simple, convenient and environmentally friendly in application as it functions on an air pressure basis without propellant. Ideal for follow-up impregnation whilst at the same time maintaining the functionality of the fabrics and keeping them dirt-repellent. Keeps all textiles and shoes made of synthetic and natural fibres dry, elastic and breathable. For more pleasure and fun in fabric function! Contains: Fluorocarbon resin-C6 (C 6 technology)

Art. no.: 2067 0000, 200ml vessel

HEY-Impra LEATHER COMPLETE IMPREGNATION

The impregnation spray for all smooth leathers and suedes. | HEY-Impra Leather Complete Impregnation can be used for all-over impregnation purposes or for specific points only. It keeps leather clothing and shoes supple and guarantees unrestricted breathability. Ideal for follow-up impregnation whilst at the same time maintaining the functionality of the fabrics and keeping them dirt-repellent. Very environmentally friendly. Contains: Fluorocarbon resin-C6 (C 6 technology)

Art. no.: 2068 0000, 200ml vessel

TIP

HEY-Sport sprays are guaranteed to be environmentally friendly. They convince by their strong air pressure and perfect 360 spraying power.

HEY-Sport RUG WASH

Special detergent for all synthetic and cotton rugs. | For function-preserving, fibre-deep cleaning of rugs and other breathable textiles. HEY-Sport Rug Wash cleans the membrane fabric without damaging the colour and at the same time neutralises bad smells. Dung and urine stains are removed completely. Suitable for machine and hand washing.

Art. no.: 2076 5250, 2.5l canister |
Art. no.: 2076 5200, 20l canister

HEY-Sport RUG IMPRA

Liquid impregnator for simple rinsing-in. | The reliable liquid impregnation for all types of horse rugs. It makes textiles water-repellent as well as dirt-repellent without any negative effect on the colour. HEY-Sport Rug Impra preserves the breathability of your rug. Suitable for machine and hand washing.

Art. no.: 2065 5250, 2.5l canister |
Art. no.: 2065 5200, 20l canister
